You can just print them when you get them. I have one that is over 500 pages...I'm not sure if it will go through the email system though. If it doesn't go through as one document I will send it by section.

Tyrone,

Sounds good. I'll go ahead and wait to print off until I've received all your email transmissions. Let me know when you've sent the last email so I can go ahead and start printing off.

Thanks,

Daniel,

You can just go ahead and print the documents out. I'll send you an index and label the exhibits when I get that all figured out.

More are coming. No particular rhyme or reason for the order, just want you to have time to print them out cause some of them are lengthy.
